About Meadow Quality

We are a farmer-owned, professional multi-species livestock marketing business. We help British farmers to buy and sell livestock across the UK. Established over 45 years ago, we have developed a reliable network of over 10,000 British farmers, nationwide. Through our relationships, we facilitate livestock trading throughout the UK supply chain, from the breeder to the processor.

About Genus

We are a British-based company leader in porcine and bovine genetics market. The company is committed to continuously develop better pigs and cows for farmers, by selecting animals with desirable characteristics that help them to produce higher quality meat and milk more sustainably.
